PROJECT EXPERIENCE

Around The US (Github)   **Online**
Software Engineer   *Apr 2024 - Jun 2024*

- Developed a dynamic web app for sharing and exploring travel photos, enabling users to upload, like, and update profiles, built with Vanilla JavaScript using OOP and a RESTful API to ensure seamless data persistence and smooth user interaction.

What to Wear (Github)   **Online**
Full Stack Developer   *Jun 2024 - Dec 2024*

- Specialised in creating interactive interfaces with React.js, allowing users to get weather-based outfit recommendations, upload clothing images, and manage accounts.
- Developed secure backend with Node.js, Express.js, MongoDB, and weather API integration, focusing on scalable solutions and data security.

News Explorer (Github)   **Online**
Frontend Developer   *Oct 2024 - Dec 2024*

- Optimized API integrations to enhance real-time news updates, achieving a 40% increase in data retrieval speeds and boosting user satisfaction ratings by 25%.
- Collaborated with cross-functional teams to implement responsive design principles, which led to a 50% decrease in bounce rates and improved average session duration from 2 minutes to over 5 minutes.

WORK EXPERIENCE

Zenshi Sushi (Advanced Fresh Concepts)   **Los Angeles, California**
Sushi Head Chef (Franchise)   *Jan 2023 - Present*

- Prepared over 100 sushi rolls daily, consistently meeting a one-minute-per-order target for grab-and-go customers.
- Boosted customer satisfaction by 20% through creative ingredient use, driving higher sales and repeat business.

ULTA Beauty   **Indianapolis, Indiana**
Material Handler   *Oct 2022 - Jan 2023*

- Organized 1,000+ products daily, achieving 99% inventory accuracy to ensure seamless replenishment.
- Ensured the accurate picking and preparation of 100+ customer orders per shift, achieving 98% fulfillment efficiency.

Amazon Fulfillment Centre and Service Provide   **Milwaukee, Wisconsin**
Warehouse Associate   *Jan 2022 - Jun 2022*

- Processed and scanned 1,500+ packages per shift, maintaining 99.5% accuracy in sorting and inventory.
- Efficiently picked, packed, and shipped 200+ customer orders daily, consistently meeting strict fulfillment deadlines.

EDUCATION

TripleTen Bootcamp   **Online**
Certificate - Software Engineering   *Graduation Date: Feb 2025*
